

Table Dainties from Sunny Climes

Libby's California Asparagus and Hawaiian Pineapple

From tropical Hawaii, home of the sweetest, most luscious pineapple, comes the one; and California, where the tenderest asparagus grows, supplies the other. The Libby care and cleanliness back of both is a warrant of a product that will please you. Insist on Libby's at your grocer's.

PLAY THRILLS; BOY STRICKEN

Cuban Has Stroke of Apoplexy While Absorbed in Watching Detective Melodrama.

Sherlock Holmes and his exciting adventures proved too much for U. Kinderland, eighteen, a Cuban youth who lives at the Hotel Ansonia, relates the New York Sun. At the end of the third act the boy toppled in his seat with an attack of apoplexy and had to be carried to the lobby, where he was revived. Later he was removed to the hotel.

It was just at the most exciting moment of the play when the incident occurred. Sherlock Holmes sticks his cigar in a corner of the gas cellar and eludes his captors by causing them to watch the cigar while he escapes through a door at the other side.

Kinderland had been observed watching the play with intense excitement, and when the climax came and the detective knocked over a lamp, precipitating utter darkness, he succumbed.

Important to All Women

Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, overworked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar-size bottles at all drug stores.—Adv.

Cares Not for Riches.

"John, John," whispered timid Mrs. Johones urgently, about 2 a. m. recently, "get up—get up: There's a man in the house!"

"Grupp-ph!" replied John sleepily. "Oh, John, do wake up! I can hear someone moving about downstairs," she went on, prodding the sleeper fiercely in the back with her elbow. "If you don't hurry he'll take all our silver!"

"Better that he should take all our silver than that I should go downstairs and take all his 'lead,' my dear," replied John, firmly, as he removed his back out of the danger zone and settled down to his slumbers again.

The Household Boss.

He—Ann, I intend to put my foot down on the next purchase for this house.

She—All right, William; you'll put it down on a new carpet.

Sure.

"Do you believe that there is a higher power?"

"My dear sir—I married her."

BEST DOG FOR SHEEP FLOCK

Rattle-Brained Cur Is Much Out of of Place—Collie Is Most Excellent for Herding Purposes.

The rattle-brained cur is as much out of place in the flock as the man of hasty temper, cruelty, thoughtlessness and disinclination or lack of natural talent for his work. The dog should be born to sheep tending and should be early accustomed to sheep and trained in their care.

Many years ago it was a practice in Texas to take a puppy from its dam before the eyes had opened and place it with a ewe, let her nurse it and allow the puppy to grow up with

Splendid Sheep Dog.

the sheep and be with them night and day. Then the dog would become the natural defender of the flock against all dangers and foes, stay with them all of the time and possess their confidence. It was also stated that a dog so raised would bring in the flock at a given hour, when accustomed to be fed at that time.

Sheep know a strange dog instantly. The dog to work among them must not be strange to the sheep in any way, must have their confidence and command their respect and be able to "boss" them when that becomes necessary. The collie is the dog for such service. Sheep herding has been the work of the breed for generations and to tend sheep is a hereditary tendency in the well-bred collie.

No dog bred and born otherwise is worth raising for work among sheep and it is waste of time to train a wrong dog for such work.—American Sheep Breeder.

HORSES IN UNITED STATES

According to Estimate of Department of Agriculture There Were 21,195,000 on January 1.

The United States department of agriculture estimates the number of horses in the United States on January 1st of each year, except 1910, when the April census figures are used, as follows: 1910, 19,833,000; 1911, 20,277,000; 1912, 20,509,000; 1913, 20,567,000; 1914, 20,962,000; 1915, 21,195,000.

In spite of automobiles and everything else it can be seen that the horse is gradually gaining in numbers. In spite of the heavy exportation of horses on account of the war, the total amount available is so great that the exports are not materially reducing the supply. It is doubtful also if the war will affect American horse-raising very greatly. In the western fighting everything appears to be trench warfare, where cavalry is of little use and the slaughter of artillery horses must be moderate, while on the eastern front Russia has millions of horses and would not need to call on America, even if shipments would be possible. One of the ways America is hardest hit is in the supply of imported draft stallions.

VENTILATION FOR THE BARN

All Stables Should Be Fairly lofty, Because Horses Need Abundance of Good Fresh Air.

The horse is very susceptible to cold; and the horses that are stabled when not being worked or exercised feel the changes of weather quite as readily as do those enjoying a more free life.

All stables should be fairly lofty, because horses need plenty of fresh air, and this can only be properly given during intense cold when ventilation can be given above the heads of the animals so far as elevation is concerned, the position of the ventilators mattering little so long as they are at a good height and placed with judgment.

The stable should feel cozy upon going in, but not stuffy, otherwise the horses will feel chilly upon coming out.

Autumn Care of Colts.

Look out for the weanlings and colts as cold weather approaches. Be sure that they go into winter quarters in the pink of condition, for there is where the profit comes in.

Keep Sows in Condition.

It is not wise to allow young sows to become too fat, as they never make as good breeders as those with more development of muscle.

FEW CHURCHES DIE THAT WAY

Colored Preacher Unlikely to Be Called Upon to Fulfill Vow That He Had Made.

The following story comes to us from old Virginia:

A devout colored preacher, whose heart was aglow with missionary zeal, gave notice to his congregation that in the evening an offertory would be taken for missions and asked for liberal gifts. A selfish, well-to-do man in the congregation said to him before the service: "Yer gwine to kill dis church of yer goes on sayin' 'give!' No church can stan' it. Yer gwine ter kill it."

After the sermon the colored minister said to the people: "Brother Jones told me I was gwine to kill this church if I kep' a-askin' fer 'o give; but, my brethren, churches doesn't die dat way. Ef anybody knows of a church that died 'cause it's bean givin' too much to de Lord, I'll be very much obliged if my brother will tell me what church is, for I see gwine to visit it, and I'll climb on de walls of dat church, under de light of de moon and cry: 'Blessed am de dead dat die in de Lord.'"—Cleveland Intelligencer.

MOTHER'S "NOTIONS"
Good for Young People to Follow.

"My little grandson often comes up to show me how large the muscles of his arms are."

"He was a delicate child, but has developed into a strong, healthy boy and Postum has been the principal factor. I was induced to give him the Postum because of my own experience with it."

"I am sixty years old, and have been a victim of nervous dyspepsia for many years. Have tried all sorts of medicines and had treatment from many physicians, but no permanent relief came."

"I used to read the Postum advertisement in our paper. At first I gave but little attention to them, but finally something in one of the advertisements made me conclude to try Postum."

"I was very particular to have it prepared strictly according to directions, and used good, rich cream. It was very nice indeed, and about bedtime I said to the members of the family that I believed I felt better. One of them laughed and said, 'That's another of mother's notions,' but the notion has not left me yet."

"I continued to improve right along after leaving off coffee and taking Postum, and now after three years' use I feel so well that I am almost young again. I know Postum was the cause of the change in my health and I cannot say too much in its favor. I wish I could persuade all nervous people to use it."

Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup. "There's a Reason" for Postum.

ANURIC!

The Newest Discovery in Chemistry

This is a recent discovery of Doctor Pierce, who is head of the Invalid's Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of

"Anuric" manufactured by Dr. Pierce, or even write Dr. Pierce for a large trial package (10c). If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Dr. Pierce's chemist will examine it, then Dr. Pierce will report to you without fee or charge.

NOTE.—"Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.
